Mid America Motorworks
#1 Mid America Place
P.O. Box 1368 Effingham,
IL 62401

Dear Mike,

Thank you very much for the Platinum Level sponsorship that Mid America Motorworks provided to NCCC this year that has been utilized in a variety of ways. At convention, your sponsorship monies were used to sponsor the concours and the People's Choice car show and we appreciate the additional way that you supported the event by providing shirts for the concours judges. Your monies were used to provide trophies for the entrants as well as help with the supplies for the event. The gift certificates that you sent were used for door prizes for convention registrants.

The event bags that you helped provide for us were dispersed to the regions with your assistance so members throughout the country could see that you have supported NCCC. In addition, we are thankful for your willingness to help provide our membership lapel pins for 2007 and what is even better, they are ready to go in our membership packets. Rose really appreciates that!

Mid America has continued to provide support to our FCOA program, our Membership Award, as well as our Scholarship Program. Jennifer Dolan was the recipient of the Mid America scholarship for 2006. Each region will receive a gift certificate for use at their regional awards banquet courtesy of Mid America Motorworks. We are extremely thankful for the many areas that you are involved with NCCC and our 18,000 plus membership. No other company has shown their support of our membership in such a diverse manner.

On behalf of the NCCC members who attended convention in Orlando, Florida this past August and our general membership, we thank you for your generosity and participation and I look forward to working with you again in 2007. Our annual convention will be June 16-23, 2007 in Nashville, Tennessee and you will be receiving information on that venue very soon.

Sincerely,
Debbie Lindsey
NCCC Director of Sponsorship
