Passenger Side Console Travel Pouch

Tools Needed

Please read through all of the instructions before installing to familiarize yourself with each step. No tools are necessary.

Caution: This pouch is intended for light objects, such as trash, sunglasses, etc. Heavy objects may pull the Support Strip loose from the carpet.

INSTRUCTIONS:

STEP 1.

The carpet texture used in the STINGRAY lends itself quite well to the use of Velcro® attachment strip on your new Passenger Console Storage Pouch. First determine where you would like to position the storage pouch, back near the seat or more toward the front of the console. Place the Pouch in position and simply press the top edge into the carpet to bond securely.
